To the Office:

On April 15, 2010, the Office mailed a Notice of Allowance and Fees(s) Due along with a Notice of Allowability. This filing is in response to the Notice of Allowance and Fee(s) due and includes the following items:

Fee(s) Transmittal Form

COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

In the Notice of Allowability, the Office has set forth various reasons for allowance and made certain allegations pertaining to various references.

It is hereby acknowledged that the positions taken in the examiner's statement of reasons for allowance is the personal opinion of the examiner as to why the claims are allowable. In accordance with MPEP 1304.14, the examiner's statement should not create an estoppel. Rather, only the applicant's statements can create an estoppel. In addition, the failure of the applicant to comment on the examiner's statement of reasons for allowance, or any portion thereof, should not be interpreted as acquiescence to the examiner's statement. Any inferences or presumptions are to be determined on a case-by-case basis by a court reviewing the patent, the USPTO examining the patent in a reissue application or a reexamination proceeding, the Board of Patent Appeals and Interferences reviewing the patent in an interference proceeding, etc.

Although the applicant acknowledges and agrees with the examiner's stated reasons for allowance of the pending claims, the applicant does not concede or admit that the examiner's stated reasons are the only reasons for allowability of the claims or the allowability of other claims based on the application that have either been previously presented or are subsequently presented in a continuation or continuation-in-part application.

If there are any questions, applicant respectfully requests the Office to call the applicant's attorney.

Respectfully submitted,

By: /Gregory Scott Smith/
